

Arts Commons

ACT Economic Impact

on Alberta

3,454^[1]

jobs will be created
in Alberta

*Attracting talent
and jobs to our
province*

\$263M^[1]
labour income

*Earnings of employees of
companies providing
goods and services
to realize ACT*

\$30M^[1] collected
to the province of Alberta

*Contributions to government
revenues (taxes) as a
direct result of ACT*

\$424M^[1]
added to Alberta's GDP

*Goods produced and
services provided during
construction*

During construction of both phases of the Arts Commons Transformation (ACT) project, an estimated \$424 Million will be added to Alberta's Gross Domestic Product. In addition, 3,454 Jobs will be created that will generate \$263 Million in Labour Income. Contributions to government revenues (taxes) as a direct result of ACT is estimated to be \$30 Million to the province of Alberta. Upon completion of both phases of construction, collectively with the resident companies, Arts Commons will annually generate \$59 Million for Alberta's GDP, and support 743 jobs that will generate \$37 Million in Labour Income. Annual contributions to the province of Alberta's revenues (taxes) is estimated to be \$4.7 Million. ^[1]
